

iBizLog - <http://www.ibizlog.com>

The screenshot shows the iBizLog website homepage. At the top left is the logo "iBizLog BETA internet business log". To the right are navigation options: "Language" set to "English" with a "Share" button, and a "Control Panel" button labeled "PANEL". A horizontal menu contains links for "Home", "Sign Up", "How it Works", "Features", "EXAMPLE", and "Support".

The main content area features a section titled "What is iBizLog ?" with a four-step process diagram: 1. Writing on a document, 2. Website design, 3. Hands on a keyboard, and 4. A person celebrating at a laptop. Below this is the text: "It is a simple and easy online system you can use to create your own website online in order to promote and sell your products or services. Create your website now! **START NOW !**".

To the right is a green box titled "Have your WebSite" with a "FREE" starburst and a "Create WebSite" button. Below this are three feature boxes: "Personal Identity and URL" (with a globe icon), "Communication Tools" (with a globe and communication icons), and "Multilingual Menu" (with flags icon).

The footer contains social media links: "Blog | Facebook | Twitter", "About Us | News | Partners | Contact Us | Terms of Service", and "www.IbizLog.com - All rights reserved - Copyright ©". A vertical "feedback" link is on the right edge.

A product by Smallworks

The Problem

— [An eCommerce of eCommerces (Customer sells sites for selling stuff)

— [Everything you can find in a professional eCommerce.

— Customization

— Shopping Cart

— Sales Tracking

— etc.
