

Artefact

A thin and fast framework for building PDF files

```
pdfdoc := PDFDocument new.  
myFont := PDFHelveticaFont new fontSize: 16.  
aPage := PDFPage new.  
aPage add: (PDFCellStyle new  
    font: myFont;  
    wh: 100@10;  
    border: true;  
    text: 'PDF Framework for Pharo').  
pdfdoc add: aPage.
```
